

Póliza Industrial

Tailored comprehensive solution

Coverage for specific contracts

Póliza Industrial is a solution designed for companies with contracts for the supply/installation of goods or the provision of services, both nationally and internationally, with specific terms and conditions.

Triple guarantee

COMPREHENSIVE SUPPORT FOR THE COMPANY'S PROJECT PORTFOLIO

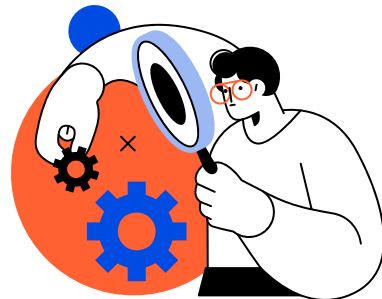

Risk of termination
during the manufacturing period in the case of unilateral and unlawful termination of the contract by the debtor.

Default risks for losses
arising from non-payment for supplies and/or service provisions made by means of deferred payment, against which Cesce will indemnify the Insured/Beneficiary according to the terms and conditions of the Policy.

Political risk
in international contracts for cases in which the debtor is a public buyer or the non-payment is due to economic or political circumstances in the debtor's country.

Characteristics

What is it?

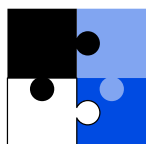

Póliza Industrial offers comprehensive non-cancelable risk coverage for the execution of national and international contracts and projects.

How it works

Cesce performs a **comprehensive analysis**: in addition to the **debtor**, aspects related to the **commercial contract** (duration, risk peak, country) are also taken into account, and, as the case may be, **final project** in which it is integrated, guarantors, financial backers, etc.

Coverage periods

Applicable to commercial contracts with a maximum duration of **36 months**, **24 months** if Political Risk coverage is included.

Additional services

Access to finance

In addition, it is possible to appoint a **Financial Institution** as **Beneficiary** of the indemnification.
